

PREZ NOTES: APRIL 2026

Well, we pulled off a great 56th annual Che-Hanna Show. Thank you to all those that made it possible. I did enjoy the rest on Monday. At this show I completed my 150th hour long UV Program in our show. Combined with the shows I did for 4 other R&M club shows and the extra programs I do, my total is a bit under 700 programs total. Wound up being called the "UV ROCK STAR". (I guess pun was intended). Now back to our club stuff. Last meeting we were treated to a fine program on QUARTZS by Rock Doc. I hope everyone was paying attention.

VP NOTES..... Inga

The talk will be "Deb Twigg presents "The history of Native American Nation of Carantouan". Deb is a local historian, with lots of knowledge about the hill locals call Spanish Hill as well as the Native that inhabited the area. Deb's research has uncovered some new and awesome information about Carantouan.

The Pups AND the Moms present were also having a great time creating things.

This months meeting, Pebble Pups will learn about local fossils and where they might find them at 1:00 P.M. and if they would like, do a gem tree after that.

For their May program, they will be learning about molecules in minerals, and I hope different types of currencies. Some of the kids collect coins, so I'm hoping Ted Reith will be able to show them his money collection while I join the planning meeting.

SECRETARY NOTES..... Lou

SUNSHINE..... JoAnn

Hope you all had a nice Easter holiday and didn't eat too many chocolate bunnies. Get well to anyone who is not feeling "up to par" and hope you feel better soon. Happy Birthday and Happy Anniversary to those who celebrate this month. Hope you all have a great day.

I hope everyone is all rested from another great show we had and let's hope we can do the same next year.

See you at the meeting. Take care and enjoy your month of April.
