

September 2026 Shin-Skinner

PREZ NOTES:

Summer is over and we are back in the church for meetings, hope to see you all there.

VP NOTES:

On September 20, we will resume meeting at the Athens United Methodist Church, 118 S Main Street Athens PA. Regular club meeting starts around 2:00 PM. Pebble Pups families meet at 1:00 PM.

Board meeting at 1:30 PM. Use the side door, labeled Valley Seniors, and go downstairs. Elevator available.

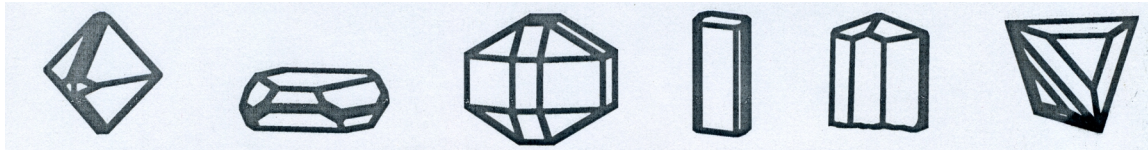

The pups will learn about the state mineral of our 13 colonies that started this nation.

The regular meeting is a show and tell.

We are asking everyone to bring their favorite mineral that is either red, white, or blue or any mineral, rock, or native element that had an important role in our independence war.

There will also be a fun quiz from Darryl Powell's book. Inga will have a prize for the winner.

Inga

SUNSHINE REPORT:

Hope you all are enjoying this nice weather we've been having. We had some much needed rain, but warm, sunny days also.

Have been keeping in touch with Janet Andrus. She was feeling pretty good and then had a relapse. The Dr. is having a hard time with getting her blood regulated. It is too thin. She pretty much doesn't get out, other than to Dr. appointments and the hospital. She has bruises all over her body from the thin blood. She says she looks like she was in a fight with Muhammed Ali. She said she misses everyone and she says Hello. Please keep her in your prayers that she will finally get things adjusted and feel better.

Happy Birthday and Happy Anniversary to anyone who will be celebrating in the month of September. Where have the months gone?

Seems like they are flying by.

Get well wishes to anyone who's not feeling well. Hope you recover soon and feel your best.

Take care and stay well.

JoAnn
